PROFILE

Final-year B.Com (Accounts) graduate with a strong analytical foundation, now pursuing a career transition into web development. Passionate about building responsive, user-friendly websites using HTML, CSS, JavaScript, and modern frameworks. Self-taught in full-stack development through online courses and hands-on projects, with a focus on problem-solving and clean code. Combines financial acumen with technical adaptability to deliver efficient digital solutions. Eager to contribute creativity and a fresh perspective to IT teams.
